

## TILE Powerbank

Thanks for choosing our power bank. Please read the whole instruction booklet to ensure the best possible use of your product. Only use the included cables. Depending on the charging station, hissing could be heard for a short time at the start of the charging process. After not using the powerbank for a longer time the battery can be fully discharged. In this case, there can be a delay until the charging LED is flashing. The powerbank needs a couple of hours until it is fully charged, depending on your power supply.

### Product specification

1. Built-In battery:

The capacity of the 3,7V lithium-ion-battery is 2.500 mAh.

You can charge different devices using the USB port (1.5A).

Most Apple and Android devices like tablets and mobile phones can be charged using the TILE powerbank.

*Please note that the charging speed can be decreased if your screen is turned on.*

*We suggest not using your devices while charging it.*

### Instructions

You can use the included USB-cable to charge your powerbank using a PC or another 5V USB power supply.

Use the Micro-USB "IN" port to plug in your charging cable.

Then use the USB port of the powerbank to charge your devices.

### Caution

*Do not use in damp environment to avoid damage.*

*The product should be kept away from fire and other high temperature environment to avoid damage and explosions.*

*Do not try to open or repair the device.*

*Do not use a chemical detergent, but a dry cloth for cleaning.*

*Please do not pollute the environment when discarded - try to classify recycling.*
